

Fun with Spanish!

at

John McMillan Preschool

Young children have a natural ability to learn new words and sounds in an almost effortless manner and research has shown that learning a second language enhances cognitive development. Children that learn Spanish are likely to develop stronger critical thinking, verbal communication, mathematical development and reasoning skills.

Learning a second language opens the door to other cultures and helps children understand and appreciate people from other countries.

Mrs. Campos is a native Spanish speaker from Mexico with previous experience teaching Spanish to young children.

In this class children will:

- Learn Spanish through songs, dances and fun activities
- Learn about Spanish culture
- Develop a greater sensitivity to language and a better ear for listening

Children must be 4 by September 30, 2017 to enroll.

Wednesday Afternoons from 11:45-2:15pm*

September 13 – November 15, 2017

*Includes 1 hour for lunch and play with friends
